

# Uroš Nešić

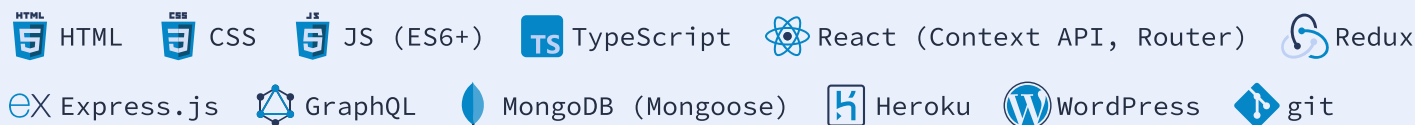

## Front-end developer

## About me

A software engineer specializing in full-stack web development with primary focus on the front-end technologies. Fueled by undoubtedly weird sense of humor and lots of coffee (mostly the latter), I spend most of my waking hours looking for interesting project ideas and ways to leave my mark on the ethereal thing that is the Internet.

## Technologies

## Experience

### Frontend Developer @ [Neopix](#) ↗

February, 2022 – Present

\$ Coming soon...
